PAY SCHOOL BONDS

SCHOOL BOARD ORDERS PAYMENT ON PRINCIPAL OF $4,000

JANITORS ARE NAMED

Supt. McDonald Given Authority to Purchase New Desks and Typewriters for Commercial Dept.

Maryville schools will open this fall with a full complement of teachers in all departments, the only vacancy now existing being in the manual training department, and the school board hope to select a teacher before the present month is ended.

At a meeting of the board last night, in addition to allowing current bills it was voted to retire $4,000 of school bonds of the issue for the Washington building, leaving $19,000 remaining. Payments on the balance may be made at any time within the next ten years. The original issue for the schools was $75,000.

In preparation for the new commercial course approved by the board, Superintendent J. M. McDonald was given authority to purchase thirty new desks and eight typewriters for use in the department.

Frank Cooper was selected as janitor and J. C. James assistant at the Washintgon school; C. M. Casey will act in the same capacity at the Franklin school, H. A. Byers at the Garfield and W. H. Frazee at the Jefferson building.

The board re-elected J. B. Robinson treasurer and G. P. Wright secretary.

School is announced to start the fall term this year on Monday, September 2.

TO ORGANIZE FOR SUFFRAGE

Nodaway County Women Form Temporary Organization—Are Getting Ready for Citizenship

At a meeting at the rest rooms on Monday afternoon a temporary organization of women in the interest of suffrage was effected. Mrs. W. J. Osburn was elected president; Miss Jessie Parcher, vice president; and Mrs. C. D. Bellows, secretary - treasurer. These offices were filled temporarily, as it is the intention of the women of Maryville to be a part of the county organization which will be made very soon.

At this time Mrs. Walter McNabb Miller and other state officers will be present to address a mass meeting of the women of the county. With the final passage of the federal amendment and its ratification by the Missouri legislature, a duty will devolve upon the women of Missouri which they must be prepared to meet. The object of the county organizations is to keep in touch with civic questions, to study the principles of democracy and to be prepared to accept and exercise all the privileges and duties of citizenship when the time shall come.

Celebrate First Birthday.

Lily Fern, Lena Marie and Lula May, the triplett daughters of Mr. and Mrs. Geo. E. Nichols of Wilcox, are visiting their gradfather, Ed Kenny, of Barnard. The little tots celebrated their first birthday anniversary Saturday and weigh 15, 14 and 16 pounds respectively.

Mr. and Mrs. Frank Garrett and son, William Condon, moved yesterday to their new home on West First street.

M. C. AUXILIARY IN BENEFIT

Will Present "The Blue Bird" at the Empire Thursday Night—Friday Night Will Be Normal Night

"The Blue Bird," a beautiful picturization of Maeterlinck's world-famous play of the same name, will be given two presentations at the Empire theatre on next Thursday and Friday under the auspices of the Mission Circle Red Cross auxiliary of the Christian church for the benefit of their auxiliary. Friday night will be Normal night, the school having agreed to take the entire house for the performance. For Thursday night the Mission Circle ladies will sell tickets.

"The Blue Bird" is a masterpiece of the cinema art. The theme is that men search the wide world over for happiness when, as a matter of fact, it is at their very doors, unrecognized. Two children go in search of happiness, symbolized by the Blue Bird and after a long and fruitless search they discover the Blue Bird in their home. The lesson taught by "The Blue Bird" is that happiness is the lot of him who brings happiness to others.

TWO MORE WOUNDED

QUITMAN AND HOPKINS BOYS IN CASUALTY LISTS

HURT BY SHELL BURST

Lieut. Davis Writes His Mother at Hopkins of Injuries Received June 6—Was In a French Hospital

Two more Nodaway county boys are reported in the late casualty lists. One is James B. Smith, son of Mr. and Mrs. John B. Smith who live near Quitman. Mr. Smith received word of his son's injuries a few days ago, but the message failed to state their extent. Mr. Smith said today, when asked over long distance phone, that he did not know what branch of the service his son is in.

Lieut. Leroy V. Davis of Hopkins, son of Mrs. F. A. Davis, is also numbered among the injured. In a letter to his mother received on July 6, Lieut Davis told of being injured in action on June 6 by the bursting of a shell in a trench occupied by his company. He said he was, at the time the letter was written, in a French hospital, but expected to be removed to an American hospital within a few days.

Lieut. Davis is 30 years old and he enlisted as a private in 1913 at Omaha and was sent to Fort Logan, Colo. He served for three years in the Hawaiians and was sent to the Mexican border for six months. He went to the officers' training school at El Paso, Texas, and received his commission as second lieutenant and was sent to France with the first troops that went over with General Pershing. He was a member of Co. K, Sixteenth Infantry. He has been promoted to first lieutenant since going to France.

To Visit Relatives.

Mrs. George H. Curfman and children, Martha, Jane and George Jr., of Salida, Colo., who have been visiting relatives in Tarkio, will come tonight to visit at the home of Dr. Curfman's mother, Mrs. J. C. Curfman.

Mr. and Mrs. Joseph Jackson, Jr., and children, Joe, Mary and Jimmie, will leave tomorrow morning for Big Lake to spend the remainder of the week.

REMOVES MEMBERS

FITZSIMMONS, EASTIN AND MADDUX OUSTED BY GARDNER

NEW BOARD APPOINTED

To Re-Instate Dr. Williams, Whose Place Had Been Given to Dr. F. F. Riley of Clyde—Blame Politics

Members of the board of managers of the St. Joseph state hospital, who deposed Dr. Porter Williams of Bunceton as superintendent last Friday and elected Dr. Frederick Riley of Clyde to succeed him, were ousted late yesterday afternoon by Governor Gardner and members were appointed who will re-elect Williams.

The governor removed Roy Fitzsimmons of Conception Junction, L. J. Eastin of St. Joseph and D. W. Maddox of Richmond and appointed in their stead Edward Kelso of Grant City, C. R. Berry of St. Joseph and Dr. Arthur Nelson of Bunceton.

Concerning the board shakeup, Governor Gardner said: "I was much surprised to learn that the board at St. Joseph hospital had failed to indorse the splendid record of Dr. Williams. I have therefore removed the members of the board who failed to support him. Dr. Williams will be promptly re-instated."

Dr. Williams was superintendent at Fulton during the Folk administration. Local factional Democratic politics at St. Joseph is supposed to have led to the defeat of Williams as superintendent.

Dr. Riley went to St. Joseph yesterday to take charge and took the oath and went to the state hospital where he had a consultation with Dr. Williams.

In the official statement prepared by the three men removed by Governor Gardner from the board of managers of the state hospital No. 2, the governor is credited with playing politics. The work at the institution has been neglected since Dr. Porter E. Williams has been in charge, and, the statement says, the place is infested with vermin, and inattention has caused suffering among the patients.

The men all resigned, as requested, with the statement that "we have earnestly tried to keep the institution out of politics, and have succeeded, except that, for some unknown reason you (Gardner) have stepped in and overridden the law and imposed your will on the body clothed by law with the government of these institutions."

TO RID FIELDS OF HOPPERS

Special Government Agent C. C. Hamilton Will Be Here Friday For Demonstration of Bran Mash

C. C. Hamilton, special field agent of the department of agriculture, bureau of entomology, will be here on Friday and Saturday to demonstrate to the farmers the use of bran mash for killing grasshoppers. Mr. Hamilton comes here at the suggestion of District Farm Agent J. M. Huston, and in a letter says:

"I will arrive early Friday morning and if you can have the arrangements made for a demonstration we can put out some poison bran mash that morning. I would prefer scattering it between seven and eight o'clock in the morning, if possible. The formula, you know, consists of bran 20 pounds, Paris green or white arsenic 1 pound, oranges or lemons 3, cheap syrup 3 gallons, water 3½ gallons. White arsenic will do as well as Paris green and can be obtained for about half the price. The amount of material will be sufficient to cover four or five acres and would be all we would care to use in demonstration. I thought we might be able to put out the mash for two demonstrations if the places were not too far apart."

Those who desire to witness the demonstration can be advised of the time and place by seeing Mr. Huston at the Farmers Trust Company.

N. W. MO. DRAFT BOARD TO MEET

Will Discuss at St. Joseph Conference Various Phases of Work

An invitation meeting of all local draft boards in northwestern Missouri will be called in St. Joseph for Tuesday afternoon, July 16, to discuss various phases of draft work calling for uniform plans of action. This was decided at St. Joseph yesterday, following a visit by Ed G. Frazier of Rock Port, member of the Atchison county board.

CHARGES CRUELTY

SENSATIONAL DIVORCE PETITION BY MRS. DORA CARR

MARRIED THIRTY YEARS

In Poor Health and Partly Blind, the Plaintiff Declares She Was Forced to Do Hard Manual Labor

Charging a long list of indignities covering a long period of years and which she declares has made life for herself and children unbearable, Mrs. Dora Carr filed suit today in the circuit court from Albert Carr, a well known resident of Nodaway county, and who lives three miles south of Maryville on the Savannah road.

In a lengthy petition filed by Mrs. Carr she sets forth that they were married on July 3, 1897, and that she has endeavored to be a willing wife and helpmeet, but that indignities offered became so unbearable that on July 5 she left him.

Mrs. Carr says that for a number of years she has had eye trouble and is at times almost blind, and that in addition her physical condition is such that she is unable to perform hard work, but that in spite of this her husband has forced her to do manual labor and outside work on the farm on which they lived. "He has ruled with an iron hand," the petition reads, and has not permitted their children any of the privileges of social intercourse with their neighbors, but has insisted that their entire time be devoted to doing work on the farm.

The petition states that in addition to being tyrannical and oppressive that the defendant has accused her of being extravagant and of lacking the habit of thrift and that on several occasions has instructed local merchants to allow her to have no goods except on his written order.

Mrs. Carr further states that she has been denied the right to direct the conduct of their children and that the defendant in frequent outbursts of temper has attacked them violently, using three or four big switches an inch thick, beating the plaintiff and her seventeen-year-old daughter over the head and back until the switches were worn out.

On three occasions, the plaintiff states, her husband has hurled her violently across a thirteen-foot room, throwing her into a chair where he forcibly held her while she was forced to listen to the most violent abuse.

Mrs. Carr declares her husband is worth in real and personal property $100,000, and that she is without means of support.

She petitions the court for possession and care of their daughter, Ailene, aged seventeen, and their son, Ora D. Carr, twenty, also a share of the property.

Shinabargar, Blagg & Ellison represent Mrs. Carr.

DIES FOLLOWING OPERATION

Ed McCleave, Well Known Hopkins Farmer, Died After Being Taken to Ensworth Hospital

Ed McCleave, a well known farmer living three miles south of Hopkins, died last night at Ensworth hospital in St. Joseph where he underwent an operation for appendicitis Sunday. The body, accompanied by Mrs. McCleave, will be taken to Hopkins tonight.

Mr. McCleave was united in marriage to Miss Neva Templeton, daughter of Dr. and Mrs. N. W. Templeton of Maryville, May 29, this year.

Others surviving him are his parents, who live in Hopkins, and eight brothers and sisters, most of whom live in or near Hopkins. One brother, Earl McCleave, is in France.

Mr. McCleave was a member of the local organization of U. C. T.

HUNGARY BIGGEST LOSERS

Parliament Hears Protest Against the General Staff—300,000 Desertions Since the War Started

Berne, July 9.—Of the hundreds of thousands of men lost by the German allies in the ill-fated offensive against the Italians the greater part of them were Hungarians, according to information from Budapest. Hungarian deputies have delivered a protest to the Hungarian parliament against the excessive losses on the Piave and denouncing the general staff.

Rome, July 9. — Austria - Hungary lost 200,000 men between July 2 and July 6, or one-half of the men engaged, the war office announces.

Paris, July 9.—More than 300,000 Austria - Hungary soldiers have deserted since the beginning of the war, according to a statement by an Austrian deputy from Temeaver and confirmed by the Austria - Hungarian supreme command.

FAST PASSENGER TRAINS CRASH TOGETHER NEAR NASHVILLE

CARS RIPPED WIDE OPEN

Wreckage and Mangled Bodies Are Thrown High in Air; Cause of Collision Not Yet Established

Nashville, Tenn., July 9.—Twenty-five to fifty are reported killed and around ninety injured in a railroad wreck in the suburbs of Nashville, as two fast passenger trains collided, the engines and baggage cars being completely demolished. One combination coach filled with whites and negroes was torn open from end to end and several other coaches were telescoped. Passengers were being taken out of the wreck with difficulty. Six passenger coaches were reduced to splinters in the crash and two cars were burned up. Both trains were going at a high rate of speed and the crash was heard for a great distance. Parts of the wrecked cars and mangled bodies were thrown hundreds of feet into the air.

Scores of physicians and nurses from Nashville were hurried to the scene and the work of rescue from the burning cars was started.

Nashville, Tenn., July 9.—Estimates made hurriedly this afternoon place the dead at thirty-five and the injured as high as seventy-five. From the hospital reports these figures may be too low as there were many casualties among the negroes. The cause of the collision has not yet been established.

6 HUN PLANES DOWNED.

London, July 9.—Four German torpedo boats and four destroyers in Zeebruggee harbor were attacked by British airmen during one of a series of raids over Belgium. The admiralty announced that six German airplanes were downed.

TYPHOON SWEEPS GUAM.

Washington, July 9.—Scores were injured and half the population made homeless when a typhoon swept Hirrania on the Island of Guam July 6, Captain Smith of the navy, and governor of Guam informed the state department today. The loss of life was small while the property loss was heavy.

FRENCH HIT AGAIN

MAKE ADVANCES IN TWO SECTORS ON OISE RIVER

794 PRISONERS TAKEN

Australians Have Swept the Germans Back and Straightened Out An Awkward Angle In Line

Paris, July 9.—Supported by tanks the French advanced eighteen hundred yards over a two and one-half mile front between Montdidier and the Oise river this morning. In the advance four hundred and fifty German prisoners were captured.

Paris, July 9.—In an attack last night northwest of Longpont French troops advanced about two-thirds of a mile along a front of nearly two miles, occupying important positions, according to the war office announcements. The statement reads:

"South of the Aisne our troops attacked enemy positions in the outskirts of Retz Forest in the region northwest of Longpont. On a front of about three kilometers we advanced 1,200 meters, occupying Chavigny Farm and the ridges north and south of that farm. The unwounded prisoners counted up to the present number 347, including four officers."

Australian troops holding positions astride the Somme river east of Amiens and north of Hamel have swept the Germans back over a front of more than a mile and straightened out an awkward angle held by the Germans since the Australians and Americans carried their lines forward in their spirited attack July 4.

London, July 9.—A successful raid was carried out by the British east of Arras during the night, the war office announced today. German artillery was active again in the sectors at the Somme river.

CHANGE OF TIME ON WABASH

FORGET THEIR OLD HOBBIES

Lieut. Dowell Writes Doctors Are Learning Valuable Lessons

The Democrat-Forum is in receipt of the following letter from Lieut (Dr.) Horace S. Dowell of Clearmont, now with the Medical Reserve Corps:

"Port of Embarkation,
Hoboken, N. J., July 6.

"To the Forum:

"I don't remember that I have written you since I entered the service, which was on April 28, 1918.

"It was only a few days after I accepted my commission that I received orders to report for duty at the U. S. army hospital at Des Moines, Ia.

"Then, on May 24, I received orders to report for duty at the office of the surgeon, port of embarkation, since which time I have been connected with the surgeon's office, hospital division, at this place.

"The army life as a whole is practically new as yet to the average medical officer, yet I find they are rapidly becoming proficient in the new field, and one of the first conditions, we as physicians, are forced to meet is an entire change of program in which we, or many of us, at least, begin to forget all our old hobbies in medicine as well as our much matured methods of treating various diseases, and learn SYSTEM, which easily enables us to treat a greater number of patients daily and enables us at the same time to be more efficient in management and treatment.

"The medical profession as a whole are coming to the front and answering the call of their country in the present emergency, and I want to say that it makes me feel proud to know that I am a member of an organization that is willing to do its part in this world war without regard to cost.

HOSPITAL TREATMENT FINE

Robt. Groppe, Hurt in Accident, Writes He Is Doing Nicely

Mr. and Mrs. Peter Groppe are in receipt of the following letter from their son, Robert Groppe, who was recently injured in an airplane accident:

"No. 1, New Zealand Hospital,
"Brockenhurst Hants, June 14.

"Dear Father and Mother:—I suppose you have heard about the accident I have met with and will recognize the strange handwriting. You need not worry about me, as I feel fine; the bones are setting and I am getting along nicely. I suppose you would like to know how the accident happened. It was this way: I was starting a machine and it started before I expected it to and the suction drew me into the propeller, which caught me under the arm and carried me around, breaking both arms above the elbow. There are no nerves cut; just merely the bones broken, and as soon as they knead the arms will be as good as ever. I don't know how long I will be in the hospital, but it will be at least three months. I am not worrying much about the time as the treatment here is just fine; in fact I am better off here than in camp. The Sisters here cannot do enough for me. Would you please write to John and Maggie and let them know about the accident? I would myself, only it is hard to get strangers to understaod what I would like to tell them. I received your letter on May 20; it was the first I have had for two weeks. I will write at least once a week, now that I am in the hospital. Am afraid I will have to bring this note to a close, as news is scarce. Will try to write more next time.

"Your loving son,

Specialists In U. S. Food Department Make a 100 Per Cent Wheat Substitute Bread

The wheatless loaf has been found. While the whole country has been seeking the 100 per cent wheat substitute yeast bread, a recipe has been developed in the experimental kitchen of the United States department of agriculture and the United States food administration that may mean the saving of thousands of pounds of wheat flour before flour from the next harvest is available.

The recipe is soon to be published by the office of home economics, United States department of agriculture, on a new food card which carries directions for making three new wheat substitute breads—the half wheat loaf, the one-fourth wheat loaf and the wheatless loaf.

Directions for making the wheatless bread are as follows:

1¾ cups liquid, 1 tablespoon corn syrup, ¾ cake yeast, 2 teaspoons salt, 1 whole egg. With this use either 2⅝ cups barley or 2¾ cups ground rolled oats. In addition use also one of the following ingredients: 2½ cups corn flour; 2⅛ cups rice flour; 2⅝ cups sweet potato flour; 2⅛ cups (scant) tapioca flour.

Make a sponge of materials under 1 (except egg) and ½ of ingredients used from 2 and 3. Sponge should stand in warm place until very light, at least two hours. Work in balance of substitute mixture when sponge is light. Work in egg beaten slightly. Shape into loaf. Place in pan. Brush top of loaf with melted fat. Let rise to double bulk and bake in loaf pan in hot oven for one hour.

PRO-GERMAN MADE HIS "SPIEL" TO WRONG MAN

Los Angeles, July 9.—"When Kaiser Wilhelm captures America this country will be a much beter place to live in."

Bernard Capune, a German, made this remark to a man seated beside him in a street car. The man turned out to be Deputy United States Marshal Cavanaugh. Capune was arrested and will be interned for the remainder of the war.

Credit Better Than Currency.

Have you ever stopped to consider that no one ever established a credit by paying out the cash?

The one you deal with may not even know your name if you pay with currency.

People in realty establish their credit by paying by check when they agree to.

You do not have to have large capital in order to write checks.

Your monthly salary or income is sufficient.

President Wilson
on the Chautauqua—

It has been on my mind for some time to thank your organization for the very real help it has given to America in the struggle that is concerned with every fundamental element of national life. * * *

The work the Chautauqua is doing has not lost importance because of the war, but has rather gained opportunities for new service.

Let me express the hope that you will let no discouragement weaken your activities, and that the people will not fail in the support of a patriotic institution that may be said to be an integral part of the national defense.

Cordially and sincerely yours,

(Signed) Woodrow Wilson.

Mr. Montaville Flowers,
President International Lyceum and Chautauqua Institution.

Newton D. Baker
Secretary of War.

"I am constantly facing the splendid results of the work done by the Chautauquas in this country in creating and sustaining a sound patriotic public feeling, and in carrying forward the great national enterprises which the government is necessarily bringing to the attention of our people; and I want you to know that as an officer of the government I not only appreciate the importance of the lecture platform as a means of communication and expansion, but also appreciate the work which you and your associates are doing as a contribution to our national cause."

Vice-Pres. Marshall

"I have great confidence that a large majority of people want to do right and, in their relations to the Government, they will do right whenever put in possession of the facts.

"There is no place where more good can be done to the Government and to the cause than upon the Chautauqua platform. The people who need information will be there and, more and more as the years go by, persons who can get it are availing themselves of that avenue."

Henry P. Davidson
Head of the Red Cross

"It is impossible for me to convey to you my appreciation of your co-operation with me and my associates in the great work of the Red Cross in this great crisis.

"You certainly should enjoy the satisfaction of contributing to a degree which few, if any, can contribute and at a time when it is of vital importance to our people and our country."

Begin taking GOLD MEDAL Haarlem Oil Capsules today and be relieved tomorrow. Take three or four every day and be permanently free from wrenching distressing back pain. But be sure to get GOLD MEDAL. Since 1696 GOLD MEDAL Haarlem Oil has been the National Remedy of Holland, the Government of the Netherlands having granted a special charter authorizing its preparation and sale. The housewife of Holland would almost as soon be without bread as she would without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. This is the one reason why you will find the women and children of Holland so sturdy and robust.

GOLD MEDAL are the pure, original Haarlem Oil Capsules imported direct from the laboratories in Haarlem, Holland. But be sure to get GOLD MEDAL. Look for the name on every box. Sold by reliable druggists in sealed packages, three sizes. Money refunded if they do not help you. Accept only the GOLD MEDAL. All others are imitations.—Adv.

WHAT THE *Salvation Army* IS DOING *In The Trenches*

Two hundred and one huts in operation on the western front. In each war hut is a restaurant or canteen; the cooking is done by women of the Salvation Army from the United States, and delivered to the soldiers in the trenches. The women are braving the dangers of the shelled zone along the firing line.

In each war hut is a club room for soldiers. Here they find good cheer, welcome, friendship, instrumental music and singing, magazines, newspapers and stationery. These huts in the battle area are always jammed.

For mothers, sisters or wives of soldiers, the Salvation Army has established a "folks from home" department. Rest and bedrooms for women are in the war huts at American cantonments where wives of Salvation Army officers are in charge.

In each war hut, bright religious meetings are held. Attendance is voluntary—all creeds and nationalities are welcome. Spiritual advise is given by Salvation Army officers, each of whom is experienced in meeting the moral and spiritual needs of men. The meetings are always largely attended.

This campaign is to obtain $5,000,000 to erect additional huts for soldiers and sailors in France and in the United States, to equip, maintain and operate them, and to pay for the equipment, transportation and maintenance of experienced Salvation Army men and women to take charge of the huts.

The Salvation Army does not duplicate in its work that done by the Y. M. C. A., Red Cross, Knights of Columbus or the Young Men's Hebrew Association, with all of whom there is the friendlinest co-operation.

Here's what one man and a Moline-Universal Tractor can do in a day of 10 hours:

Plow 7 to 9 acres; disc 27 acres with a 7-ft. tandem disc; disc 38 acres with a 10-ft. disc; harrow 76 acres with a 20-ft. peg tooth harrow; plant 22 acres with a two-row planter; plant 43 acres with a four-row planter; cultivate from 14 to 20 acres with a two-row cultivator; drill 35 acres with a 10-ft. grain drill; harvest 25 acres with an 8-ft. grain binder; harvest 10 acres with a corn binder; mow 25 acres with an 8-ft. mower; rake 40 acres with 12-ft. rake; rake 25 acres with an 8-ft. side delivery rake; load 12 acres of hay.

In addition, it can be used on the belt for running threshers up to 24-inch capacity, silo fillers, corn shellers, feed grinders, wood saws, clover hullers, pumps, hay presses, etc.

No end of odd jobs that can be done with the

MOLINE UNIVERSAL TRACTOR

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Model D

Because of its ideal design, construction and performance, this new Moline-Universal enables one man to farm more land and produce more food than ever before possible. It is the world's most dependable farm hand.

New features include self-starter; electric lights; electrical governor; perfected overhead-valve, four-cylinder engine that is free from vibration; complete enclosure of all moving parts; differential lock which increases traction.

Drop forgings, heat-treated parts, steel cut gears and unusually large bearings add extra years of endurance.

These new features, together with the well known Moline-Universal type—all the weight on two wheels, one-man control and ability to do all farm work including cultivating—make the Moline-Universal Model D the best tractor money can buy.

Conservatively rated at 9-18, the new Moline-Universal has ample power for heavy belt work, and can plow as much in a day with two plows as the ordinary three-plow tractor, because of its greater speed. Yet it is light enough for such work as cultivating, mowing, etc., which do not require so much power.

We will be glad to tell you all about this wonderful tractor. The next time you are in town call on us.
